Subject: Make Utah a solar leader
To: drexclark@utah.gov

Dear Commissioner Clark,

Utah ranks 7th in the United States for solar resource but only 31st for solar homes. Utah should be a solar leader but we have fallen behind.

If Rocky Mountain Power succeeds in implementing a monthly tax on solar customers, that future will never be realized.

Don't penalize customers for making the choice to generate their own clean energy. I urge you to support Utah's clean energy future and oppose this unfair tax.

This is completely unconscionable to tax folks for using solar power. Who are you people? You're sounding more and more like the Koch Brothers who want to make money on everything and everyone.

Sincerely,

Marti Ashby
